Company Profile

ASHOOSONS is recognized as a premier Dental company of India and India's one of the few of the Acrylic Teeth Manufacturer company that has served the industry for over 48 years, considered as visionary and a pioneer in India Dental Industry. ASHOOSONS has established an excellent reputation both in India and Abroad.

Mr. Vinod Sethi
Director

We have exhibited in IDS-2007, IDS-2009, IDS-2011, at Cologne Germany and also participated in IDS 2013 Germany.

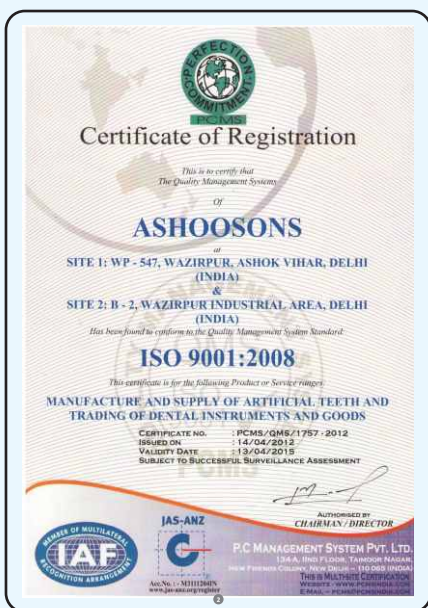

We have a strong network of over 300 dealers all over the country. Moreover, we are currently exporting to the countries in South Asian Region, Middle East, Africa, South America and some countries of Europe.

We are the first Indian Company who made Typhodont Teeth and Phantom Head in India and open a whole new world of opportunity to various Dental teching institutions where we offer international quality models at affordable prices.

We are the country's sole importer and supplier of API brand rust-free, stainless steel Dental instruments, known for their superb quality, & rigidity.

We are also importing best quality Dental equipments like Light & LED Curing unit, Ultrasonic Scalers, Pulp tester, Apex locators, Endomotors etc. and High quality diamond burs from Israel.

Our specialization is to develop any products used in Dentistry as per sample or customize the products as per requirement.

Hand Piece

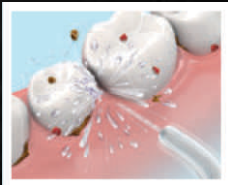

Aquapick

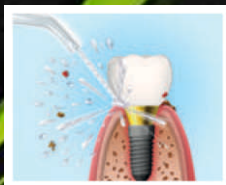

Power : AC90~250V, 50~60Hz
 Capacity : 24W
 Pressure : 7kgf /cm²
 Pulsating : 1,800 pulses/min.
 Water bottle : 600ml
 Size : 188 x 150 x 90mm(H x L x W)
 Weight : 900g

Aquapick

Removes food debris while massaging gums gently

Prevents Peri-Implantitis

Ideal for Orthodontic Patients

LED Curing Light

- Wavelength range: 420nm~510nm
- Light intensity: $\geq 500\text{mW/cm}^2$
- Light Guide: 8mm or 10mm available
- Continuous time setting with audible beeps every 10 seconds
- 0-10 sec adjustable soft start time
- Over-heating protection
- Memorized curing time setting makes the use simple
- Switching power supply ensures a constant light output and lengthens the lifetime of the halogen lamp

Amalgamator

Specification

1. Select time freely (1-99s).
2. Turn Circularly according to reverse "8".
3. Working Frequency : 4300turns/per minute.
4. Collet automatically lock tightly

Technical Specification

1. Working Voltage 220/50Hz (110V/60Hz).
2. Power : 70W
3. Dimension : 35X21X31cm.
4. Net weight : 3.6Kg.

B6 Ultrasonic scaler

Sealed handpiece with automatic frequency tracking, works steadily, Continuous 1500 hours strength test without problem, 3 months warranty for replacement of main unit.

Rate : 230 ~ 50Hz/60Hz 150mA or 110V ~ 50Hz/60Hz 300mA
Main Unit Input : 24V ~ 50Hz/60Hz 1A
Packing Dimensions : 254mmX214mmX186mm
Net Weight : 2.1 Kg

Product Code : GP004

MAGNIFYING LOUPE

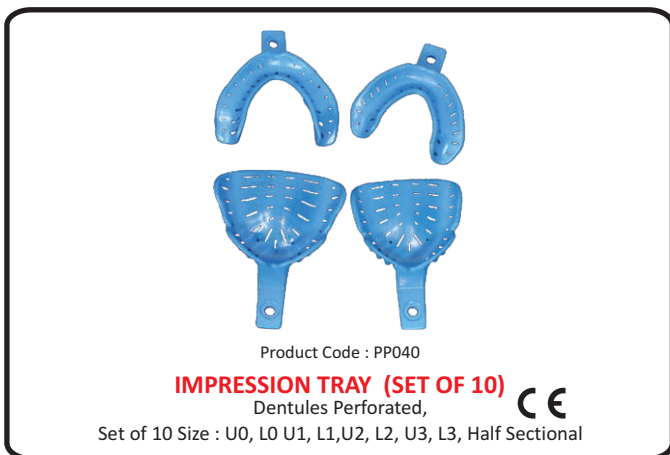

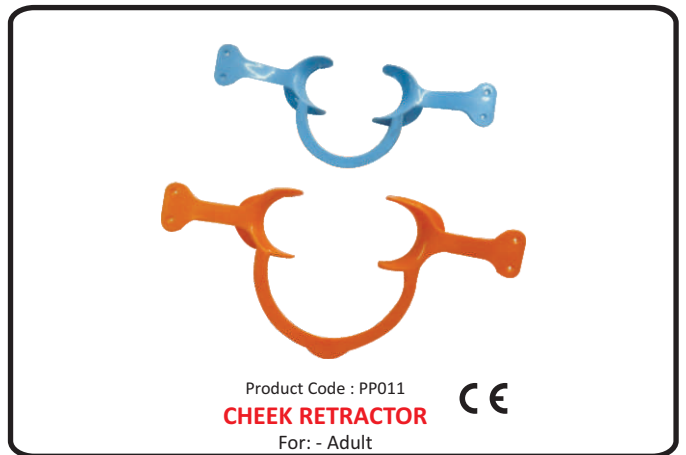

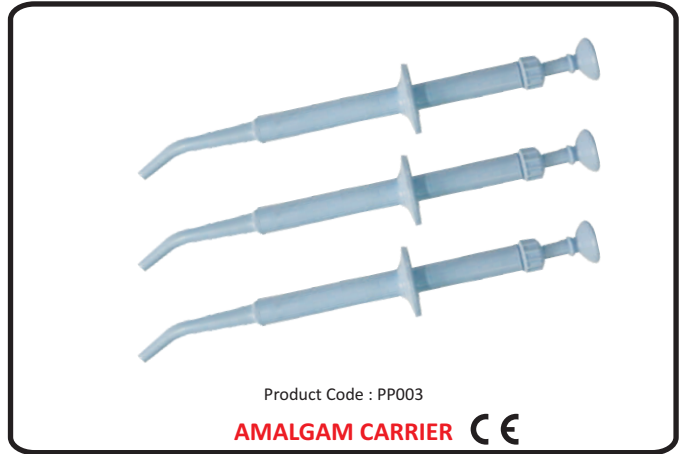

High Quality Lances For Dental & Surgical use
Available in Power: 2X, 2.5X, 3X, 3.5X
